## Evaluation if there are less than 10 responses

I agree to an evaluation if there are less than 10 responses.

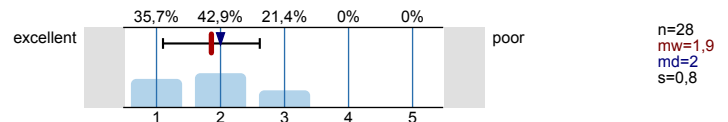

## Overall Evaluation

In my opinion the learning effect of this lecture is

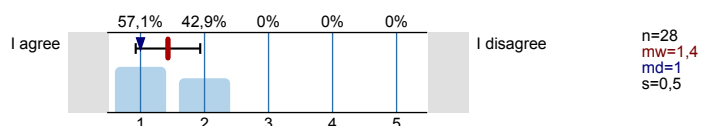

Overall, I evaluate this lecture as

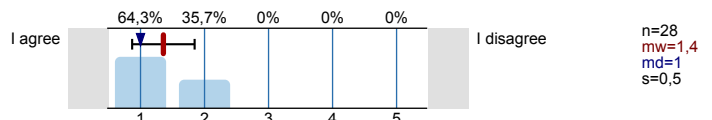

## Content and Structure

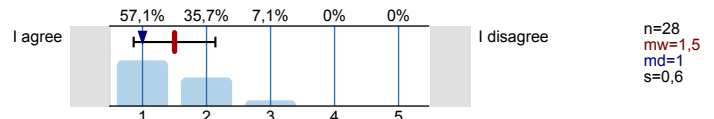

The learning objectives of this course are made clear from the start.

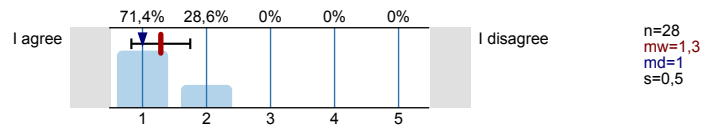

The thematic sequence of the covered subject areas seems to be consistent.

I find the learning objectives are relevant for my studies.

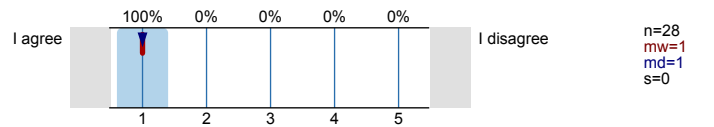

The use of media and other practical presentation forms appear to me to be reasonably imbedded in the didactic concept of the course.

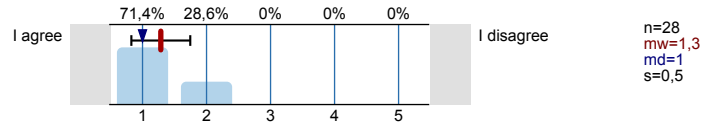

Staff and Support

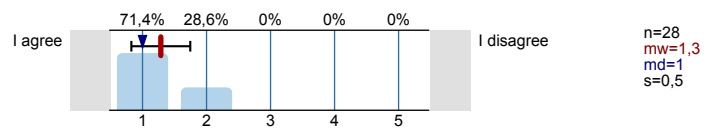

The lecturer is well-prepared.

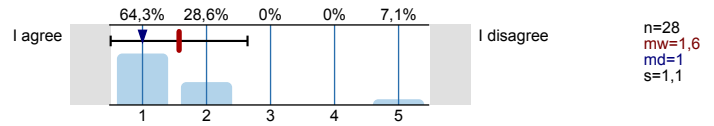

Regarding their content, I can understand the lecturer's exposition and explanatory steps well.

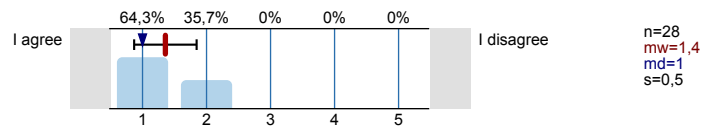

Questions are answered clearly for me by the lecturer.

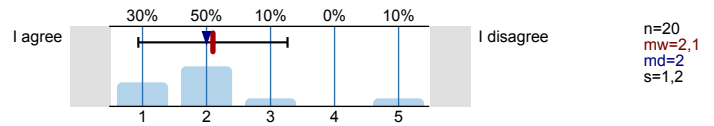

Performance and examination requirements are given in clear detail for me.

The materials provided by the lecturer help me in my preparation and follow-up work.

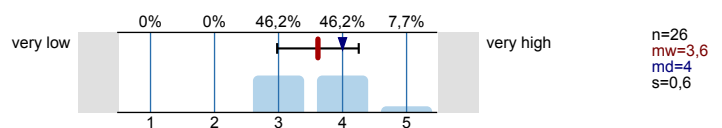

Insofar as supplemental exercises / tutorials / work groups are provided: An adequate number of exercises / tutorials / work groups accompany this lecture.

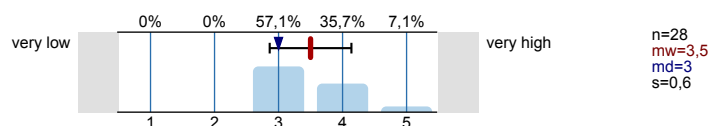

Extent and Level of Difficulty

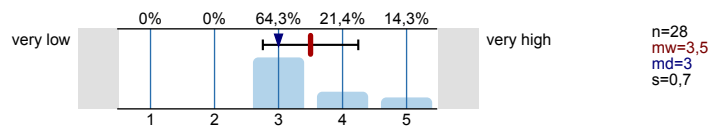

I find that the amount of work needed to prepare for and follow-up on this lecture is

I think that the extent of material covered in this course is

Overall, I find that the level of difficulty regarding the content covered in this course is

I find that the pace at which the lecture is held is
